PROFESSIONAL SUMMARY

Business & Data Analyst with 2 years of hands-on experience at Cisco Systems using SQL, Excel, Tableau, Power BI and Python to analyze operational datasets, identify trends and anomalies, and drive process improvement. Skilled at translating business questions from stakeholders into structured analysis requirements and building self-serve reports and dashboards that give teams real-time visibility into key metrics. Proactively upskilled in data analytics through a dedicated certification program (PW Skills), deepening SQL, Python, and Power BI capabilities. Experienced querying data in Snowflake and building predictive models, and comfortable leveraging AI-assisted tools to accelerate analysis and automate repetitive reporting.

PROFESSIONAL EXPERIENCE

Business Analyst Trainee — Cisco Systems (India) Pvt. Ltd.

Dec 2022 – Dec 2024

Global CX Strategy & Planning – Business Intelligence Team

- Analyzed operational data (~4,000–5,000 records) using SQL, Excel (Pivot Tables, Array Functions), and Snowflake to identify trends, anomalies, and data quality issues for the ESI project.
- Retrieved, cleaned, and aggregated data from multiple sources using SQL and Python, transforming raw data into structured, actionable datasets for analysis.
- Built and maintained a self-serve TAC CSAT reporting dashboard in Tableau, eliminating manual reporting (saving 15+ hours/week) and giving 4–5 key stakeholders real-time visibility into performance metrics.

Business Analyst Intern — Social Prachar, Hyderabad

Jan 2022 – Jul 2022

- Retrieved and aggregated admission data (501 records, 9 attributes) from multiple sources, cleaning and structuring it through exploratory data analysis and feature engineering.
- Conducted exploratory and statistical analysis to identify key factors influencing admission outcomes, translating findings into clear, data-driven business recommendations.
- Built and evaluated regression models using Python (Scikit-learn) and cross-validation techniques, achieving 81% accuracy in forecasts and scenario-based analytics.

Upskilling & Exam Preparation

Jan 2025 – Present

- Prepared for the UPSC Data Processing Assistant exam (Jan–Jul 2025); currently completing the PW Skills Data Analytics certification while building SQL, Python and Power BI projects.

PROJECTS

Employee Performance Dashboard — Personal Project (Excel)

[GitHub](#)

- Built an interactive Employee Performance Dashboard in Excel (150 records, 9 attributes) to track working hours, efficiency, and break time across employees.
- Used Pivot Tables, Pivot Charts, and Slicers for dynamic filtering and drill-down into individual performance metrics; applied conditional formatting and array formulas (SUM, AVERAGE, IF) to highlight top and low performers.

Customer Shopping Behavior Analysis — Personal Project

[GitHub](#)

- Analyzed a customer shopping behavior dataset (5,050 records, 17 attributes) using Python and SQL to identify purchasing patterns and behavioral trends.
- Queried and aggregated customer-level data using SQL, then built a Power BI dashboard and formal report; found Electronics drives ~49% of revenue and subscribers spend ~63% more per customer.

TECHNICAL SKILLS

- Languages & Databases:** SQL (Joins, Window Functions, Subqueries), Python (NumPy, Pandas, Matplotlib, Scikit-learn), MySQL, SQL Server, Snowflake, Excel (Pivot Tables, Advanced Formulas, Charts)
- Visualization & Reporting:** Tableau, Power BI, PowerPoint, Data Storytelling, Stakeholder Communication
- Data Analysis:** Data Discovery & Cleaning, EDA, Root-Cause Analysis, Predictive Modeling & Forecasting, Statistical Analysis
- Business & Program Analysis:** Requirements Gathering, Process Flows & Design Documents, KPI Tracking, Process Improvement

CERTIFICATIONS & CONTINUING EDUCATION

- Data Analytics Certification by PW Skills (Aug 2025 – Present)
- Business Analytics Master's program by Simplilearn
- Hacker Rank — SQL (4-Star), Python (3-Star)
- Cisco Certified Network Associate (CCNA)

EDUCATION

Bachelor of Technology – Computer Science

Aug 2018 – Jul 2022

JP Institute of Engineering and Technology, Meerut, Uttar Pradesh
